Explanatory notes Mutation form 2024 for ongoing Private-Public Partnership (PPP) projects

Explanation

This mutation form is intended for the following changes in a Top Sector PPP project:

- Changes in the composition of the consortium
- Substantive changes to the project plan
- Changes in the duration of the project
- Changes in the budget¹

There are 2 mutation rounds every year, assessment takes place immediately after these moments, so not in between. Mutation requests for current projects can be submitted annually before 1 April and before 1 September. Submit this mutation form and (if applicable) the amended project plan including budget to info@landbouwwatervoedsel.nl.

Below is the mutation form and a more detailed description of the principles for mutations.

*Mutation Form
2024*

*detailed description of
the principles for
mutations.*

¹ Financial changes that do not affect the amount of the subsidy or the total contribution of one or more partners do not have to be reported.
